 - Clean to remove all dead, diseased and broken branches 2" in diameter and larger throughout crown to improve health and appearance and reduce risk of branch failure.

Prune for 2' to 3' feet of clearance to all light poles front of property.

Remove resulting debris

Estimated Completion Date: 11/1/2023 thru 11/30/2023

Amount: \$4,345.00

Total Amount: \$23,062.00

Additional Information

For your convenience, we have placed the pesticide labels, precautionary statements, material safety data sheets, as well as any pertinent consumer information notices regarding protection of humans, animals, and the environment with respect to your proposed plant health care treatment, on our website at <http://www.bartlett.com/productlabels/> for you to review. When accessing this website, simply go to the listed state in which the proposed treatment will take place, and review any of the information relating to your treatment options. If you have any questions, or if you wish to receive any of the treatment information separately, please contact your local Bartlett office. We will be happy to answer any questions, or provide you with this information on a CD Rom or paper if you prefer.

Please review the terms and conditions attached, which become part of the agreement, and sign and return one copy authorizing the program.
